The bracelet for this month is **THE Pineapple**

*\$5 off for the month of August*

Expressing a sense of welcome and good cheer, the pineapple signifies hospitality. New England sea captains traditionally placed a pineapple outside their homes as a symbol of a safe return. Home and hospitality warmly embrace friends. Genuine welcome makes lasting connections.

We also have in stock, the Olympic bracelets:

**USA Charm Bangle - \$ 32**

**Red Whit & Blue Braid - \$ 48**

**Team USA Bangle \$ 38**

A mix of willpower and strength, the energy of the Olympic Games is competitive, determined, and heartfelt. Inspiring achievement, the Olympic Games opens us up to the possibilities in persistence. Encouraging the wearer to reach higher, live stronger, and love greater, adorn yourself with the Team USA Collection Pieces as a symbol of America's extraordinary patriotism.

## **NEW... Mantrabands**

**Mantrabands are simple, elegant bracelets with a touch of delicate polish and an uplifting message to be worn as your daily reminder, affirmation and inspiration.**

**Because positive thinking leads to a happier life.**

**They will donate 1% of sales to non-profit organizations working to protect, preserve and restore the natural environment.**

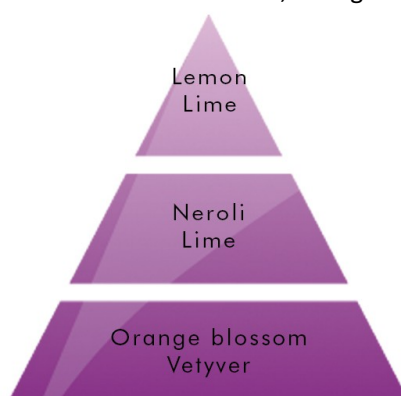

**\$ 25 – 17 different quotes or sayings**

Scent of the month is **Lemon Flower**

The lemon, mythological fruit, is at last captured by LAMPE BERGER, to disperse its fresh and delicate scent: Tonic nuances of lemon and lime in the head notes, Neroli and a hint of cologne in the heart notes, Orange blossom and vetiver in the base notes.

**\$5 off** the 500ml bottle

We've also received some new fragrances last month:

**Majestic Sequoia:** An unexpected raw material, sequoia, which used to be called the Phoenix Tree, is famous for its ability to withstand fires. Discover its modern, fresh head given by grapefruit and pine needle notes. Marine heart notes warmed by a touch of cayenne pepper. Deep woody bottom notes that wrap you in a mossy undergrowth fragrance, along with resinous and leather forest scents.

**Extreme Orange:** Orange Extrême, a magical home fragrance that will enchant your interior with a green and zesty atmosphere. An energizing head with citrus notes, enhanced by green heart notes and softened by a blend of woody and vanilla ice cream bottom notes. This new fragrance is a true explosion of citrus notes.

**Wild Berries:** Lampe Berger's Wild Berries home fragrance oil is luxurious and refined. The tangy and intense scent has base notes of musk, red berries and vanilla. The middle notes of acai berries, black currant and papaya are topped off with pomegranate and strawberry notes. The luxuriance and refinement of the Tree of Life fruits... Tangy & Intense.

**Subtle Almond:** A unique fragrance obtained through a judicious blend of aniseed, green and almond notes, combined in its heart with a delicious floral bouquet, and sustained by its suave and oriental sandalwood bottom notes. An elegant, milky and smooth home fragrance. Find out more: Perfume secret: Almonds are the main agricultural product exported by California, they are cultivated through the pollination of almond fields which requires 1,500,000 bee hives, making this the largest bee transhumance in the world.

**Just a note**...I'm still in the process of going thru the customer files. You will notice that many of them have various notes like Do Not Use, Use Other File and things such as that. It would help if you follow such directions and do not make an additional file for said customers. If the customer has changed their address, simply fill out the form at your counters and give them to me and I will be more than happy to change it.

*Have an Awesome  
August!!!*
